

WGARS EM COMM GROUP NET

CQ,CQ,CQ. This is (Your Call) .Net control station for the West Georgia Emergency Communications Group . This is a directed net and all stations on frequency not participating are asked to keep the repeater clear for this net.

This net meets every Thursday night, at 8pm Georgia time on 146.640 Mhz using a negative offset and a 131.8 Hz sub audible tone.

All licensed operators are welcome to participate

The mission of West Georgia Emergency Communications Group is to develop, promote and provide effective emergency communication by trained, skilled and disciplined licensed amateur radio operators capable of accepting, originating, relaying and delivering tactical and formal message traffic accurately, in a timely manner on behalf of agencies (Government and non Government) as well the general public in times of emergency and public events.

When checking in to the net, please state your call sign the normal way then phonetically using standard phonetics. Then include your name and location.
